SCENE:

This incident occurred on 26th St between 134th Ave and 136th Ave. The weather upon arrival was clear, approximately 74 degrees and the roadway was dry. Allegan County Sheriff's deputies had the roadways blocked off North and South of where this incident occurred.

SUMMON ACCIDENT RECONSTRUCTIONIST:

I spoke with Spl. Sgt. Davis, 5th District Accident Reconstructionist who advised that he requested Tpr. Dangl to conduct the scene investigation with the total station.

LAB:

I spoke with the MSP lab out of Grand Rapids. The lab did respond and processed the scene.

CONTACT WITH [REDACTED]

After receiving the call reference this incident, I went directly to the Allegan County Sheriff's Department. I met with D/Sgt. HAVERDINK, who advised the deputy involved was [REDACTED]. He also advised that they believed the deceased person was JOSEPH NAGLE.

I asked to speak with [REDACTED] which I did. [REDACTED] was brought into the conference room and I observed [REDACTED] in full uniform, with what appeared to be blood on his hands, and some red marks on his neck/face area. I advised [REDACTED] of who I was and why I was there. I then asked him if he was ok. He then began to move his jaw and advised that his jaw hurt as well as the left side of his head. He then advised that his nose had been bleeding. I did observe a small amount of blood on his shirt and he advised that it was his own blood. He also advised that he had a headache. I asked [REDACTED] about the blood on his hands. He said that he performed first aid on NAGLE and the blood on his hands belonged to him. I then asked [REDACTED] if there was anything he was wearing that NAGLE may have touched that may have his DNA on it. [REDACTED] handed me the earpiece connector to his portable radio. I noticed that this piece was hanging loosely around his neck. [REDACTED] advised that this piece was broken and NAGLE could have touched it. He also advised that he carried a flashlight on his shoulder lapel, however, that flashlight was gone and must have fallen off somewhere. I also noticed a small light colored mark on his vest and some grass/soot on his pants. I asked [REDACTED] if NAGLE had touched these and he said he didn't think so, however, those things weren't there at the beginning of his shift.

ROUND COUNT/FIREARM:

I asked [REDACTED] to see his firearm, which he still had with him. His firearm was a Glock .40 caliber pistol, serial number [REDACTED]. I conducted a round count in front of him. There was [REDACTED]. It should be noted that the magazine [REDACTED]. I then placed the firearm, magazine and ammo in an evidence box and seized them.

PHOTOS/OBSERVATIONS OF NAGLES VEHICLE:

Based on the statement obtained from Dep. [REDACTED] on 6/23/22, I went back to the ACSD to look at the vehicle for any damage. Dep. [REDACTED] said in his statement, "..... [REDACTED] [REDACTED]" Based on this I went back to re-examine NAGLE's vehicle. I did not locate any damage or dents on the hood of his vehicle. There were a couple of dents to the driver's side back quarter panel and rear driver's side door, however, it is unknown when or how those dents got there. More photographs were taken of the hood and driver's side of the vehicle and will be uploaded into Digital Crimescene.

DEATH INVOLVING USE OF FORCE BY LAW ENFORCEMENT

NO JOURNALS

INFORMATION:

I responded to the scene arriving at 2336hrs on 6/16/21. On arrival, I learned a first responder from Sandy Pines Public Safety was one of the first responders to the scene. I interviewed PSO Holscher and learned he was wearing a body camera which was activated when he responded and rendered first aid. I obtained a download of the bodycam. I also seized footage from the Sandy Pines Resort, Public Safety surveillance system which shows vehicles passing the resort.

D/Sgt. Workman and I then drove to deliver the next of kin death notification to the victim's mother. See D/Sgt. Workman's supplement for details.

I contacted PSO Holscher at the scene at 2342hrs on 6/16/22. He did not hear the radio traffic from the initial traffic stop. He did hear dispatch advise that someone was doing CPR in the area of 26th / 136th. Then he heard a medical dispatch get aired. He responded and noticed emergency lights to the south on 26th St and drove there. He parked behind the deputy. He saw that the deputy was doing CPR.

PSO Holscher advised he activated his body camera when he first got to them. He asked the deputy what he could do to help and the deputy responded, "anything" (he understood this as 'anything' to help). He got his gloves on and took over compressions. He felt he did compressions for a couple minutes when an EMT in a white Jeep pulled up and offered to help.

The deputy went and got an AED. A bag valve mask was also used but he didn't know where it came from. During CPR, he saw some facial movement from the victim for a moment, but he had no pulse. He recalled the AED wasn't detecting the electrodes and the deputy kept plugging them in and out, trying to get them to work. At that time, PSO Holscher ripped open the victim's shirt in preparation for AED electrodes and noticed

an apparent gunshot wound to the center sternum area. He recalled the deputy yelled to a Gun Lake Tribal Officer to get another AED.

A Wayland PD officer came up and took over compressions from him. Chief Dan Kippen (Salem Fire) arrived and asked PSO Holscher to block traffic to the north of the scene, which he did.

PSO Holscher advised the deputy kept talking to the victim saying "c'mon man", encouraging him not to give up. He advised there was no discussion with the deputy of the events that happened nor what led up to the shooting. He advised it was only the involved deputy and the victim on scene when he pulled up.

PSO Holscher did recall seeing that the cord with the deputy's earbud was dangling down. He wasn't sure whether the deputy had a bodycam. He did not recall seeing any weapons on the victim or on the ground around him. He said he was mainly focused on life saving measures.

SANDY PINES PUBLIC SAFETY VIDEO EXAMINATION:

The bodycam from PSO Holscher verifies his statement regarding his involvement and observations. The video mainly depicts life-saving measures.

The surveillance video was also reviewed. At 2202hrs, it shows vehicles similar in appearance to both the victim's vehicle and the involved deputy's patrol car. Those vehicles were southbound going past Sandy Pines Resort on 26th St, with the victim's vehicle being followed by the deputy's car.

ADDITIONAL INFORMATION RELATED TO 6/16/22:

On 6/17/22, I was referred to contact [REDACTED] a Kent County Sheriff's Department Dispatch Supervisor, who frequents a coffee and gift shop in Grand Rapids named Wilderness Expressions. While at Wilderness Expressions, he was told by workers about a strange encounter with a FedEx delivery driver on the say day when the officer involved shooting incident occurred. That FedEx delivery driver was Joseph Nagle.

Wilderness Expressions coffee shop is adjacent to the Hallmark store in a strip mall. They are separate businesses but there is an interior, automated, pass-through door between them. On 6/21/22, I responded to Wilderness Expressions and interviewed two Wilderness Expressions employees and another from Hallmark who were present in Wilderness Expressions during the encounter.

I learned the video from Wilderness Expressions had been automatically overwritten by their security system and did not exist. I learned the Hallmark store did have video and a copy was made for me by the manager.

During those interviews, I learned that another person had witnessed strange behavior from a FedEx driver. That elderly female customer of Hallmark, who lives nearby, went into their store on 6/16 to use their shipping service. This elderly female told Hallmark employees about her contact with the FedEx driver. The interviews also led to the Standale Home Studio, also in the same strip mall, where additional people had seen strange behavior from the FedEx driver.

It was discovered by Wilderness Expressions that the FedEx driver was Joseph Nagle after having contact with their original FedEx driver who came in and apologized. After the FedEx driver left, a UPS driver came in to make a delivery and he'd evidently had contact with their original FedEx driver who had just been in. The UPS driver advised the store owner that it was the same FedEx 'fill-in' driver who had shown strange behavior who had been killed by the police in Allegan County. The store then googled it and an employee from the Hallmark store next-door had seen a Facebook photo of that FedEx driver and confirm that it was the same person who had been in their store.

After interviewing witnesses to the FedEx employees behavior, I returned to the scene of the shooting and continued the canvas of neighbors.

I spoke with co-owner [REDACTED] at Wilderness Expressions on 6/21/22 at 1415 hrs. She advised that FedEx and UPS both make regular deliveries for the business. She advised she has not seen this particular FedEx driver before.

[REDACTED] advised on 6/16 at 1015 hrs, [REDACTED] from the adjoining business, Hallmark, was in the store getting a drink. Another Wilderness Expressions employee, [REDACTED], was also present. She thought the FedEx driver dropped off at Hallmark first and then he came to their business next. She advised she saw the driver carrying a large box and a smaller one. He dropped the larger box outside accidentally. She advised he picked it up and came through the door into their business. She advised the FedEx driver dropped the packages next to their island/checkout counter area. She felt the FedEx driver seemed hyper and was making quick moves. She said the FedEx driver said he had more packages. [REDACTED] told the FedEx driver that deliveries go to the rear of the business and she motioned toward the back and started moving toward the rear of the business. He replied, "ya, ya, ya". The FedEx driver said the only way he would bring them to the back of the store was if they (the 3 females present) would show him their titties. [REDACTED] said, "excuse me", and he left the store.

[REDACTED] had heard that he said something similar to a 73-year-old customer of the adjoining Hallmark store. She heard he had delivered a package to the 73-year-old woman's home which is where he said this to the woman. Then, when the 73-year-old woman went into the Hallmark store, they wound up sharing their experiences and determined it involved the same FedEx driver.

[REDACTED] advised that she did not recognize the man from the news photos as being the FedEx driver that was in the store. She then referred me to talk to him another business which is in the same strip mall named Standale Home Studio where they also had a strange encounter with the same FedEx delivery driver.

She was also aware that [REDACTED] just down the road, also had a negative encounter with the FedEx driver. [REDACTED] assisted me with contacting the other persons who were witness to the incident she was a part of.

After speaking with [REDACTED], I spoke with her business partner [REDACTED] advised that the original FedEx driver came in and apologized to them. She advised she was not present when the incident occurred. Their original FedEx driver then left and later a UPS driver came in and said that the man killed in Allegan County by the police was actually the same FedEx driver who had been into their business exhibiting the strange behavior. [REDACTED] learned from [REDACTED] [REDACTED] that she had seen the Facebook profile of the man who died and noted that it was the FedEx driver that went in their businesses. [REDACTED] advised their security system overwrites after 5 days and the video of the FedEx driver coming into their store no longer existed. They had tried to pull up the video when they discovered this.

I interviewed [REDACTED] at Wilderness Expressions where she works on 6/21/22 at 1523 hrs. She recalled that she was working on Thursday, 6/16. She stated that [REDACTED] from next-door was in getting coffee. She recalled that the FedEx driver came to the front door with a big package and a smaller one. She advised that he dropped a larger one outside accidentally. As the driver was coming in, [REDACTED] told him that he could drive around back for the deliveries. She stated at that point, [REDACTED] just began to walk toward the back of the business and the FedEx driver dropped the packages alongside the counter.

[REDACTED] thought that the driver was going to go outside and then around back. Instead, he came back in through the front door with two more packages. She advised that she was making [REDACTED] her drink and had the water running at the sink, so she didn't hear what the FedEx driver said to [REDACTED] initially [REDACTED] did hear the FedEx driver say, "you ladies know what I mean", when he was referring to the comment that he made, which she hadn't heard.

elderly woman had made a call to the delivery driver's supervisor but wouldn't leave her name with the FedEx supervisor, fearing retaliation.

██████████ stated that, within an hour of talking to this elderly woman, the regular FedEx driver came in to drop off a package. She learned from the regular FedEx driver that the fill-in driver had died but he didn't know how. ██████████ stated it was clear that the regular driver didn't even know what it happened at their businesses the previous day. ██████████ then told me that the elderly woman had agreed to share her name which is ██████████ who lives at ██████████ with phone number of ██████████

██████████ saved the video from their security system onto a USB drive and provided it to me on 6/21/22. She felt the video showed the FedEx driver coming in to the store seeming to talk to himself.

I spoke to ██████████ on 6/21/22 at 1500 hrs, at the Hallmark store. She stated that on 6/16, Thursday, she went next-door to Wilderness Expressions to get coffee, which is common for her. She stated that it was between 10 AM and noon. At this point, ██████████ was helping her with her drink order at the counter. She stated that ██████████ was trying to explain to the FedEx driver where the packages should go. She stated it was clear that he was ignoring ██████████

██████████ stated that the FedEx driver then replied, "the only way I do something like that is if you all show me your titties". ██████████ told the FedEx driver, "excuse me". The FedEx driver replied, "get it, because your ladies, like female". ██████████ was very caught off guard by this. He seemed jittery and was looking around a lot. He also had a nervous chuckle.

██████████ watched the FedEx driver exit. The FedEx driver left and she him drop bring a package in her Hallmark store. She had waited to go back into Hallmark until after he had left.

On Friday, she saw a Facebook photo of Joseph Nagel and was 100% sure that he is the same guy that was the FedEx delivery driver who was in Wilderness expressions working for FedEx that day. ██████████ had seen the FedEx driver before and that he was normally nonchalant, acting like he really didn't care about his job. She advised he also had never made any statements like that before. She advised he's only ever been blunt before, wanting to be in and out of the businesses as quick as possible.

Having just learned of another adjacent business who had witnessed peculiar behavior from the FedEx driver on 6/16, I responded next-door to the Standale home studio. On 6/21/22 at 1605 hrs, I had contact with [REDACTED]. She stated that on last Thursday, 6/16, the FedEx driver came in. [REDACTED] advised she had not recognized that FedEx delivery driver from any previous encounters.

[REDACTED] advised the FedEx delivery man then walked up with the package and said he had a delivery. She heard [REDACTED], tell the FedEx driver that all deliveries go around back. He instead mumbled a comment which she couldn't understand, sat the package on the desk and walked out of the store mumbling. [REDACTED] did not know if that delivery driver was the same guy who was in the news. [REDACTED] thought the driver seemed grumpy.

She advises that the receptionist [REDACTED] was also present during the interaction. Contact: [REDACTED]

she was also preparing to leave her apartment when she open the door. She stated that the FedEx driver's face looked extremely distressed and his hair was disheveled.

██████████ said the FedEx delivery driver said something first but she couldn't hear it and she asked him to repeat it. The FedEx driver then stated "can I see your titties". She said to him "excuse me". The FedEx delivery driver then demonstrated motions with his hands as though he were lifting his own shirt up exposing his chest area. ██████████ stated the following day, Friday, she went to the Hallmark store to send a package. She advised this is when she learned that the same driver had been exhibiting strange behavior elsewhere.

██████████ stated she texted ██████████ requesting whether what she had heard in the news was true. She later heard back that he died from a FedEx security person named ██████████

notion that he heard something going on and didn't know what it was. [REDACTED] stated that he then heard somebody shout "no" three times, with it getting more desperate each time you heard it. [REDACTED] advised right after he heard that, he heard a single gunshot. [REDACTED] stated that he sat there for a minute wondering where it came from. He stated that he heard someone talking but couldn't make anything out that was being spoken. He stated that the talking was within a few seconds of the shot. He stated that it was a male voice that he heard each time. He stated that it did not sound like it was two males talking to each other.

[REDACTED] stated that he went back to his house to lock up because he didn't know what was going on. He felt that it was maybe a minute later when he saw police cars going by heading north. [REDACTED] stated that he later walked to the road and saw a car facing south on 26th St. that had its hazard flashers on. He stated that it was maybe 500 yards north of his driveway but he wasn't sure on the exact distance away. [REDACTED] stated that he did not see any other traffic on that roadway until he saw the police cars go by. [REDACTED] stated that he did not know anyone that was involved in the incident.

Recontact 6/23/22.

I learned on 6/23/22 that [REDACTED] had been interviewed by Attny Tom Siver. During that interview, [REDACTED] said it sounded like a younger male saying, "no", but he couldn't be sure. Considering he hadn't told me the part of it sounding like a 'younger male', I attempted to recontact [REDACTED], but I wasn't able to leave a message. [REDACTED] called my number back at 4:30pm on 6/23/22. I asked [REDACTED] about the voice type he heard, as he didn't tell me about the 'younger male' characteristic before. [REDACTED] said he couldn't tell me if it was someone older or younger, just that it was a male voice. I asked about the pitch of the voice. He said that he couldn't say that it was a high pitched voice. [REDACTED] thought it was maybe someone who was in a panic.

SEIZED PROPERTY / HALLMARK VIDEO REVIEW:

I reviewed the video from the Hallmark Store. It is useful for purposes of identifying Joseph Nagle was the delivery driver for FedEx. I could not conclude that Nagle was talking to himself or muttering which the Hallmark manager felt she observed. There was no audio on the video.

CONTACT WITH [REDACTED]

On 06/17/22 at approximately 0030 hours, I contacted [REDACTED] at their residence. I advised them I was part of a team investigating an officer involved shooting during a traffic stop on 26th St north of their residence. I asked if they had seen or heard anything, to which they responded they had not. [REDACTED] advised he had been sleeping and [REDACTED] said she had been watching television and the room was toward the back of the house. The air conditioning unit was also running. [REDACTED] did advise the dog heard something because it ran into the bathroom to hide, which it does when it hears noises like fireworks. [REDACTED] said she was not certain what time this occurred but believed it had been between 2200 and 2230 hours.

AUTOPSY OF JOSEPH NAGLE:

During the autopsy I spoke with Dr. Jared Brooks and obtained general information. Dr. Brooks advised the xray showed 1 projectile present toward the midline of the body. The entry wound was in the chest and the bullet lodged in a vertebrae in the area of T12 – L1. Examination of Nagle's heart showed the bullet had traveled through the heart. Please see autopsy report, when completed and released, for Dr Brooks' detailed findings.

INITIAL RESPONSE:

At approximately 1015 hours on 6/16/22, I was contacted by F/Lt Disselkoen from the MSP Wayland Post. He advised that an Allegan County Deputy had been involved in an officer involved shooting. He advised that ACSD was requesting MSP to investigate. I contacted D/Lt Criger and advised him regarding the incident and the request from ACSD.

ARRIVAL ON SCENE:

I arrived on scene at approximately 2320 hours and made contact with on-scene personnel including Sgt Dangi, Tpr Spoelma and Tpr Brown from the Wayland Post. They had secured the scene and identified all first responders who had been involved.

CONTACT WITH SALEM TOWNSHIP FIRE DEPARTMENT:

I spoke with Chief Dan Kipen on scene. He advised that some of his personnel had already left before my arrival. I requested that he have each of his responding firefighters draft a report detailing the actions they took on scene. He advised he would do so.

I received the Salem Township FD reports on 6/17/22. Each of the department personnel wrote a summary of their actions which will be saved as external documents. The majority of the statements detailed medical care given to Joseph Nagle. Several excerpts that reference observations of [REDACTED] are copied verbatim below.

Excerpt from Firefighter Thurston's statement:

"After time of death was called by the paramedic on scene, I was asked to assist David Peterman with the Deputy involved. I walked to the cruiser where David Peterman and the Deputy involved were located. I noticed bloody nose, bloody hands from Deputy doing CPR on the patient, and general emotional shock. David Peterman took vitals. While I was inspecting the Deputy, it was noticed he had a gouge behind left ear, scratches on neck, cuts on both hands, swelling of the face, and bloody nose. The officer kept stating he had to stand up because of his leg feeling like it was falling asleep, which he did and I noticed trembling. I asked the Deputy if he wanted to sit back down and he advised no because he had to stand. I observed the Deputy keep shaking his feet while standing to help relieve, which is assumed, the tingling sensation of his legs falling asleep."

Excerpt from Lieutenant Peterman's statement:

"When I walked up to officer he was very shaking and upset. I asked what hurt and he said his face and nose. Officer was hit multiple times in the face by victim according to officer. Officer has some swelling and cuts on his face, also had bloody nose, red marks on neck and cut behind his ear and hands. Officer's hands were bloody from providing CPR to patient/victim. Officer was shaking his head and tears in his eyes. I made contact with officer about 5-10 minutes after on scene."

CONTACT WITH ALLEGAN CENTRAL DISPATCH:

On 6/16/22, I contacted Allegan County Central Dispatch and requested all emergency radio traffic, the call for service report as well as Deputy [REDACTED] LEIN log for the timeframe surrounding this incident.

Deputy Director Whitney Wisner provided the radio traffic and call for service report on 6/17/22(item #32).

REQUEST MEI:

MEI Jill Jelenek was requested and responded to the scene to assist with the investigation. See report 0617-22-JJ-132-AC for further details.

NEXT OF KIN NOTIFICATION:

At approximately 0200 hours on 6/17/22, D/Sgt Hayward and I traveled to [REDACTED] in [REDACTED] to make contact with [REDACTED]. Through several online database searches we were able to determine she is the mother of Joseph Nagle and the next of kin.

Joseph's brother [REDACTED] answered the door and I asked if he could please go wake up his mom [REDACTED]. He advised he would do so. A short time later [REDACTED] came to the door. We identified ourselves as detectives with the State Police and asked if we could come in to talk. [REDACTED] was confused and asked why we were there. We advised that it would be best if we came in to talk. She allowed us into the family room of the residence. After all of the people in the house were gathered together, we informed [REDACTED] that her son Joseph had been in an altercation with police in Allegan County and that he died during the incident. [REDACTED] was very upset to hear the information. I asked her if there was anything leading up to today that could help us in understanding what

happened. [REDACTED] advised that she believes his behavior recently has been influenced by drugs of some kind. I asked why she thought so. [REDACTED] stated that yesterday she thought he might've been on something. I asked why. She advised that she was driving him all over town looking for a vape pen flavor he wanted. She told him to stop talking about Kanye West because he was talking about him non-stop. She advised it was very out of the ordinary and she feels bad now because she got mad at him. [REDACTED] also told me that in the last week she found rolled up dollar bills in Joseph's car which is why she believes he was using drugs.

[REDACTED] informed us that Joseph had been in a police bootcamp recently and wanted to be an officer, but realized it wasn't for him. [REDACTED] also informed us that Joseph was a state champion wrestler. We asked if [REDACTED] knew why Joseph would be down in Allegan. She could not think of why except for that it may have had "something to do with drugs." [REDACTED] stated she does not know who Joseph has been hanging out with lately.

I asked if anyone knows Joseph's phone password. They provided the following four-digit passcode [REDACTED]

[REDACTED] became visibly and audibly upset several times throughout the meeting. Eventually, her boyfriend asked if we could leave so they could have time alone to process this information. We complied and the meeting ended a short time later.

D/Sgt Hayward recorded the duration of the meeting using an audio recorder and forwarded me the file. I saved the audio to a disc as property item # 27.

PHONE CALL TO POST:

On 6/17/22 at approximately 1100 hours I received a phone call at the Wayland Post from [REDACTED]. She advised that her family has known Joseph and his family for 15+ years. She requested that her information be kept from being released because she does not want the family to know she called. I advised her we would do our best to keep that from happening but I can't guarantee anything. I asked her what information she had to provide. She stated that Joseph has been on a "downward spiral" since his dad died a couple of years ago. She advised that Joseph has been using cocaine and meth and has been selling cocaine as well. [REDACTED] advised that Joseph is a very strong wrestler and had several undefeated seasons in high school. He has become increasingly violent since then. [REDACTED] advised that when she heard that Joseph was shot by a police officer her first reaction was surprised that the officer was able to get away from Joseph because once he grabbed on to someone they could not usually get away. I asked [REDACTED] about Joseph's behavior recently and how she would describe it. She stated that about a week ago she saw him getting out of his car at his mom's house. She called out to him but he didn't acknowledge her. She observed that he was sweating profusely, and

REINTERVIEW MOTHER OF DECEDENT:

On 6/17/2022, I was contacted by [REDACTED] and her boyfriend [REDACTED]. They were upset and asked for any additional clarification I could provide. I explained that I was unable to provide any details because the investigation is still ongoing. [REDACTED] clarified some of the facts she had told me when I visited earlier that morning. She advised that Joseph had started the police academy at Grand Rapids Community College but didn't finish and that it was sometime in the past year. She also advised that he had undergone some personality changes recently that she linked to possibly drug activity. When asked for clarification, she did not explain what personality changes she had observed.

REQUEST BODY CAMERA FOOTAGE FROM GUN LAKE TRIBAL PD:

On 6/17/22, I contacted Sgt Roersma from Gun Lake Tribal PD and requested body camera footage from any of the officers who responded to the scene. On 6/23/22, I obtained a disc from him containing the footage. D/Sgt Petersen had interviewed Sgt Johanson and Officer Smyth who responded to the scene on the 16th. The discs has been saved as property items #29 and #30.

REQUEST BODY CAMERA FOOTAGE FROM WAYLAND PD:

On 6/17/22, I contacted Lt Rookus from Wayland PD and requested body camera footage from Officer Cadahia who had responded to the scene on the 16th. I retrieved a disc from Lt Rookus which has been saved as property item #31.

SOCIAL MEDIA OPEN-SOURCE SEARCHES:

I located several photos/videos of Joseph Nagle on his Instagram account [REDACTED]. One video depicts Joseph in a high school wrestling match where he throws his opponent to the ground and ends the match via a pin. The video was posted on December 21, 2018. I saved the photos and video to a disc which is entered as property item #34.

INTERVIEW COWORKER:

I received a tip from Det Vanderploeg stating that a coworker of Joseph at FedEx may have information to provide. I contacted [REDACTED] at his home address and asked if he had known Joseph and worked with him. [REDACTED] stated he worked with Joseph for Logical Logistics as contractors for FedEx. [REDACTED] was Joseph's [REDACTED] and spent a few weeks with him beginning in late 2021, showing him how to drive a route and make deliveries etc. [REDACTED] stated that during that time he and Joseph talked quite a bit and Joseph seemed like a nice guy and was talkative. He did note that Joseph had a "snap temper" though. I asked him to explain. [REDACTED] advised that during training one day a driver honked at them in the FedEx truck for seemingly no reason. Joseph flung open his door and looked like he was about to get out and fight. [REDACTED] told him to stop and Joseph did. In another conversation, Joseph told [REDACTED] that he likes to use cocaine. [REDACTED] warned Joseph that if he failed a drug test or ever got arrested for drunk/drugged driving that he would be fired. [REDACTED] went on to say that he believes that if Joseph was going to get arrested by ACSD the night of the incident, he believes that is why he might've fought with the police because he knew he'd lose his job. [REDACTED] stated that he heard that [REDACTED] had encountered Joseph the night before this incident and that Joseph was "out of his mind." [REDACTED] did not have contact information for [REDACTED] but knew that he worked at the GNC Nutrition on Alpine in Grand Rapids. Our interview ended short time later.

ATTEMPT TO LOCATE PROPERTY:

On 7/27/22, I was contacted by D/Sgt Petersen who advised that family members of Joseph Nagle were requesting we search his vehicle in an attempt to locate his wallet and high-school varsity jacket. On 7/28/22, I went to the Allegan Sheriff's Department loading bay and located Nagle's wallet in the center console of his vehicle. The varsity jacket was not located in the vehicle. I left the wallet in place until authorization to release is obtained from the Prosecutors office.

7/26/22	D/F/Lt. Christensen	Contacted [REDACTED] (mother [REDACTED] ref property. When the investigation is finalized with the prosecutor review she would like her son's wallet, varsity jacket (both of which may be in the vehicle) and his cell phone which is in property of this report. The varsity jacket and wallet are not listed in property.
---------	------------------------	--

RECEIVE MEDICAL RECORDS:

On 8/4/22, I received an email from [REDACTED] attorney, MIKE WORONKO. The email contained [REDACTED] medical records as requested. It should be noted that WORONKO stated, and is seen in the records, that [REDACTED] personal identifying information, except his name, has been redacted. These records were placed into the master file.

AUTOPSY AND TOXICOLOGY RESULTS:

On 7/27/22, I received an email from BRIANNA COON, the 5th District MSP Administrative Assistant, which contained the autopsy and toxicology results from NAGLE. These were also placed into the master file.

NAGLE'S CELL PHONE EXTRACTION:

On 7/19/22, I received the report and digital cell phone extraction from MSP Computer Crimes Unit, Agt. GWYNN. The report, CCU-1934-22 will be placed into external documents and the extraction will be placed into property.

Upon reviewing the photos, there are a few photos of NAGLE in a Fed Ex jacket and numerous photos of MMA fighters. In reference to the videos, there is one video of NAGLE from 4/21/22 saying that he "fucks with acid because it makes him feel like a god....". In another video dated 6/5/22, he references being intimate with a female and using cocaine. These are just a few of the things located on the device, however, it should be noted that the extraction was very large and I personally did not go through every bit of information.
